REMEMBERING OUR
INSPIRATION AND OUR ETERNAL
GUIDING LIGHT

**Late Padma Sri Dr. N.T. RAMA
RAO GARU**

(Former Chief Minister of undivided
Andhra Pradesh State) ON HIS 98th
BIRTH ANNIVERSARY

Voluntary Blood Donation Drives held across both Telugu Speaking States on the occasion of Birth Anniversary of Late. Padma Sri Dr. Nandamuri Taraka Rama Rao Garu on 27th May.

Sri K. Rajendra Kumar IPS (Retd), CEO of NTR Memorial Trust inaugurated a voluntary Blood Donation Camp at NTR Trust Bhavan, Hyderabad on the occasion of the 98th Birth Anniversary celebrations of Late Padma Sri Dr. Nandamuri Taraka Rama Rao Garu. NTR Educational Institutions also paid tributes to Late Padma Sri Dr. Nandamuri Taraka Rama Rao Garu 98th birth anniversary at Schools & College premises. Kudos to all the Volunteer Blood donors who have participated in this event. Similar programs were organised at various locations by NTR Memorial Trust on this occasion.

As a token of appreciation, all the voluntary Blood Donors were given Commendation Certificates at NTR Trust Blood Centers Hyderabad, Visakhapatnam and Tirupathi. We hope the Voluntary Blood donors would continue to display the same spirit in future too and help the needy people.

NTR Memorial Trust has planned to establish 4 Oxygen plants in Repalle, Kuppam, Tekkali, and Palakollu of Andhra Pradesh State and 2 more Oxygen plants in Telangana.

With You For You donation campaign

COVID-19 situation in both the States of Andhra Pradesh and Telangana is alarming. The positive cases are increasing day by day. Daily we hear about the raising number of patients and the dire situation they are in and their inability to access basic healthcare. A large number of precious lives are being lost due to the

unavailability of timely medical advise, Life - saving medicines, Hospital beds, Ventilators, and Oxygen. Every minute is precious, every life matters and so every helping hand is welcome.

In view of the current situation, we are also putting in our efforts in a big way by lending a helping hand to the poor and needy in addition to what the Governments are already doing.

We will not be able to achieve the task without active support from Philanthropists and generous donors. NTR Memorial Trust fervently appeals to you to contribute generously to WYFY (With you.. For You) - మీతోనే...మీకోసం. Our main objective is to reach out to 15,000 patients in the State - especially those in remote areas without access to basic preventive or curative healthcare. We have already been able to mobilise prominent Telugu Doctors from USA who have been treating Covid-19 patients online for a year now. For every Parliamentary Constituency, we have allotted 25 Telugu Doctors from USA. These Doctors will be available every day at regular times to render advise to the patients. On verification of Covid-19 status, much-needed medical supplies (oxygen, medicines kit, essential drugs, etc.) will be freely supplied to the concerned families. Building on this, NTR Memorial Trust will create a functional and user-friendly platform to track the progress of each patient. We understand that each one of you have had a tough time during this pandemic situation for the last 15 months. Our humble request is to help us in rising up to the challenge. Every person saved will be a dream secured, another future reaching its potential. Every penny matters, so please donate whatever amount you can.

Donation of Medicines to Primary Health Centre, Shanti Puram in Kuppam Constituency.

COVID-19: Planning to Donate Plasma to patients? Check out these DO's and DON'Ts

NTR TRUST
WE WORK THE TRUST

'Convalescent Plasma Therapy', is a procedure where Plasma is extracted from a person who has recovered from infection. Extracted Plasma is Transfused to a patient suffering from the same disease. This Plasma contains Antibodies that can help the patient fight against the deadly pathogens infiltrating their immune system, which in turn speeds up their recovery process.

Covid-19 infections are increasing at an alarming rate in the country amidst oxygen supply crisis and new variants surfacing. In view of this, the Government of India issued guidelines for people who have recovered from COVID-19 and want to donate plasma to other infected patients.

What is Plasma Therapy?

Plasma therapy procedure can be used to treat coronavirus patients. In this experimental treatment, plasma, which is one of the most important components of the blood, is extracted from a person who has recovered from the infection and injected into a patient who is suffering from that

Here is what a person needs to keep in mind while donating plasma.

- Always carry a hard copy of the COVID-19 negative report (RT-PCR or rapid antigen test) within 4 months of the day of donation and your Aadhar Card (front and back).
- Donate only after 28 days of a COVID-19 positive report/ after 14 days from COVID-19 negative report.
- Women who have ever been pregnant cannot donate COVID-19 convalescent plasma.
- A person who has received COVID-19 vaccination will not be able to donate plasma for 28 days from the date of vaccination.
- A person can not donate if he/she gets rejected for the lack of adequate antibodies in the blood.
- Please contact hospital authorities for any other information in advance, on phone.

NTR Memorial Trust Blood Centres are taking due care of all donors and maintaining high standards of hygiene. Your Safety is our priority

this pandemic situation, Cancer patients, Emergency, Thalassemia patients and others are suffering due to lack of blood supply.

NTR Memorial Trust Blood Centre is taking due care of all donors and maintaining high standards of hygiene.

You can reach out to us to help you organize a Voluntary Blood Donation Drive. Remember you too can make a change.

World Blood Donor Day is observed on 14th of June every year. The main objective of this day is to raise awareness about the significance of blood donation and to recognise the contribution of voluntary unpaid blood donors in saving lives. On this day let's stand for blood donation mission & save lives.

Provided an Oxygen Concentrator to Sh. Annavarapu Daneswara Rao, from Hyderabad

During the ongoing COVID-19 pandemic situation, apart from hospital beds, ambulances and medicines, people have been hunting for oxygen. In this time of unprecedented medical emergency, NTR Memorial Trust has come forward to provide Oxygen concentrators to the Corona patients in home isolation free of cost. Oxygen concentrators are helpful for mild to moderate cases of COVID-19.

NTR Memorial Trust provided an Oxygen Concentrator to Sh. Annavarapu Daneswara Rao, from Hyderabad to help his mother who has a health issue. Mr. Dhaneswar Rao thanked NTR Memorial Trust for extending the helping hand during the most critical times.
